

## UNION HOUSE DANCE LAST BEFORE XMAS

Innovations to Set This Function in Bold Relief

MODERATE PRICE

Reduction in Last Year's Charge Designed to Attract Many

"Four dollars a couple for the Union House dance?" That is the question which has been reached by the committee in charge and in taking this step, the members have committed one of the most radical changes in a good many years in the world of McGill's social functions. But the fact that the price of admittance to this outstanding formal function has been reduced to the extremely low total of four one dollar bills, or two two dollar bills, does not mean that the dance will lack any of the attraction of former years, and it may be safely said that those who trip the fascinating fox trot and execute the intricate steps of the wicked waltz in the Union hall room on the evening of the twelfth will be fortunate in deed above others.

It was only after a good deal of consideration that the committee found it possible to lower the ticket price but it was deemed advisable to do so, especially in order that each and every enthusiast be given a chance to attend, providing that he show a little initiative by securing his ticket at the earliest possible moment. The past-boards will go on sale at the first of the week—the definite date to be announced within the next day or two—and as interest in the forthcoming function is waxing in undergraduate circles those who intend going are hereby advised to keep a close eye on all announcements pertaining to the disposal of tickets at the Tuck Shop.

The various members of the committee in charge are already losing sleep and weight in drawing up plans and plots for the entertainment of their patrons and unless current rumours are extremely irregular and out of order, the dance devotees will be given a surprise extraordinary in nature and fascinating in results. Union dance secrets are being well kept, however, but it is expected that they will be released before the passing of many hours, and when they are released, joy will reign supreme throughout the campus.

## CHORAL SOCIETY ELECTS OFFICERS

Mr. Clapperton III—Reg. Smith Conducted

The election of officers, reading of the constitution and a short practice, was the programme of the Choral Society last night, which met at 8 p.m. in the Conservatorium. It was first decided not to execute any business owing to the fact that Mr. Walter Clapperton, the pianist and conductor, being ill, was unable to be present. It was felt, however, that the time need not be wasted, and with Mr. Reg. Smith conducting and W. P. Malone at the piano, work being concentrated on different parts in Faust.

Following this practice the constitution was read and adopted and then officers for the ensuing year were elected. Mr. Walter Clapperton is conductor, and the other officers are:

Hon. pres.—Dr. H. C. Perrin.  
Pres.—Reg. Smith.  
Vice-pres.—Miss E. Ferrin.  
Recording Secretary—W. P. Malone.  
Corresponding Sec.—Miss B. Tweedie.

Treasurer—Miss F. James.  
Librarian—Miss L. Arlitz.

Over thirty-six were present at this practice, the men being in greater prominence than is usual. The president, however, emphasized the need of a few more tenors, who will find a warm reception waiting for them. Owing to an orchestral practice, the Society will meet next Thursday at 7.30 sharp. Will those coming to this meeting please pay attention to the promptly on time so that the most of the time can be made.

As Classified.—There are now five classes of automobiles in use—new, second-hand, used, superannuated and near-junk.—Albany Journal.

## SUBSCRIPTION CAMPAIGN IN FULL SWING

Price Definitely Reduced to \$3.50 a Copy

OLD MCGILL 1926

No Cash Needed; Amount Deducted From Caution Money

The contents of the 1926 McGill Annual will be such as to interest the whole student body and not only the junior year by whom it is published. Articles of general interest written by prominent professors will be included, as will be the group pictures of every class in the University. In addition to this, the name of every registered undergrad will appear in its proper place. The book will contain about 350 pages, the number included in the 1925 book. There is every chance that more pages will be included, while it is absolutely impossible for the book to be smaller.

As the Annual board desires to turn out the best book at the lowest price, it has been decided to reduce the price of the book 25 cents. This means that it is now obtainable for \$3.50, this amount being deducted from the caution money of the students who sign the subscription lists which are now circulating. No cash is involved in the transaction at all. If the circulation and advertising warrant, the sales tax on the books will be borne entirely by the board, and not by the students.

The aim of the 1926 board is to give the students a representative book, based in style on its two immediate predecessors, but containing many innovations and improvements, and to offer this book at the lowest figure possible.

The board is in touch with some of the most popular of the McGill professors, who in all probability will contribute to the volume. Their names will be announced as soon as definite information is received. An increased number of pictures will be included in this year's book. A large number of "action" pictures of the football teams are being secured, as well as other interesting "snaps."

The subscription campaign which started yesterday is now in full swing, a large number of students having already indicated their desire to secure a copy of Old McGill 1926. The campaign will close definitely on Dec. 17th.

## APPLIED SCIENCE UNDERGRAD. DINNER

J. C. MacDougall of Harbour Commission to Speak

All loyal men, and true of the faculty of Science are destined to dine to-night, at the Union at 6.30 P.M. The good Pierre will set a table fit for kings in the ballroom. Mr. J. C. MacDougall of the Montreal Harbour Commission will be the guest of honour.

The conveners of the dinner, wishing to give their guests an appetite, have provided the services of the premier danseuse of the Venetian Gardens. She will entertain the dinners between courses.

## LECTURE TO-DAY BY PROF. MACALLUM

"Palaeochemistry of the Ocean and the Blood Plasma" At Biological Society

"The Palaeochemistry of the Ocean and the Blood Plasma" will be the subject of an address by Prof. A. H. Macallum, D. Sc. (Trinity College, Dublin), L.L.D. (McGill), F. R. S. etc., before the next meeting of the Biological Society at 6 p.m. to-night in the Biological Building. Dr. Macallum has many other degrees from Yale, Toronto, Johns Hopkins, Aberdeen, and elsewhere, and his address will certainly have a broad and popular appeal.

The contribution to the programme today will cover the subject of the history of our blood and tissues from the oceans of geological times. It will be shown that the inorganic salts of the blood fluids are derived from the oceans of the Cambrian period some twenty million years ago, and that the inorganic salts of the cellular elements of the body have a more ancient origin, that is, from the salts of the ocean of an earlier period when the salinity of the sea was but little different from that of the fresh water of the earth today.

## LE THE DANTSANT COMES TOMORROW

Always an Enjoyable Event at The University

To-morrow hourly draws nearer bumping the U. V. C. The Dantsant, more and more to the minds of the frivolous youths and maidens of the University, dignified Seniors, learned Juniors, wise Sophomores and unsophisticated Freshmen, all are interested in the event, all are looking forward to Saturday, at the hour of 4 p.m. In previous years the R. V. C. The Dantsant have been a great success. They have always been well patronized and the remarkably large sale of tickets this year foretells that a larger throng than usual will be present.

Clark's three piece orchestra, which has long been a favorite at R. V. C. functions, has been secured. The refreshments will be of their usual high order.

The proceeds of the The Dantsant will be given to the Delta Sigma Society, the Choral Society and the S. C. A.

The tickets are available from any R. V. C. student, or at the Union, for the modest price of \$1.25 a couple. Anyone who has not yet secured his tickets should do so at once as the number available is limited and at present, reports are that they are selling rapidly.

## CINDER STARS RACE THROUGH GREAT MENU

Track Club Held Annual Banquet

SIR ARTHUR SPOKE

Principal Made Novel Proposal Last Night

"Why should not McGill, a Scottish University by descent, have a Lord Rector? Other Universities have either a Lord Rector, who makes exactly one speech in his three year term of office, or a President, who fulfills many duties, why not McGill?" so said Sir Arthur Currie last night at the dinner given the McGill Track Team, winners for the seventh successive time of the Intercollegiate Track title. The Principal went on to say how the reputation of a University rests more on the brand of men it turns out, than on a foundation of athletic fame, welcome though it may be.

McGill is turning out the right stamp of men who appreciate their opportunities and make every use of them. A very large percentage of Canada's leading citizens are college graduates, who have worked hard at everything they undertook. Sir Arthur concluded by telling how sincerely pleased he was to be present at the Track Club dinner, and saying how charmed he had been at the Club's brilliant victory.

Prof. Sullivan called out that the University needed a Principal who took the kind of interest in McGill far more than any Lord Rector which Sir Arthur was justly famous. Dr. Tees, the Toastmaster, also drew attention to the enthusiasm always shown in every college affair by the Principal, who replied that such interest was both a duty and a pleasure.

In proposing the toast to the track team, Dr. Lamb described the team spirit which had won the battle to Kingston, and especially complimented Willie Consiglio and Gauray for sportsmanlike action in the post-vault.

The team captain, Frank Consiglio, replied to the toast, and explained that the main credit of the successful year's work was due to the modest but most capable coach, Mr. Van Wagner. Without his expert advice and encouragement, said Consiglio, the team would have fared badly. The Captain then led the song, "For me a jolly good fellow" after which Mr. Van Wagner spoke of the McGill spirit and fighting qualities which alone made victory possible. He ended by expressing his appreciation of the work done by Major Forbes, Manager Fullerton and his assistants.

Besides Sir Arthur Currie at the head table were Dr. Lamb, Dr.

Sullivan, Dr. Tees, and Reg. Henry, were also present. Glenn Adney and Jimmy Rice entertained during the evening.

## S.C.A.'S PART IN LIFE OF UNIVERSITY

Calls for Money for Continuance of Work

CAMPAIGN

Students of all Faculties Now Being Canvassed

Canvassing for the annual financial campaign of the Student Christian Association will begin this morning and will last until the beginning of next week. Arrangements have been made by Dave Logan, treasurer of the S. C. A., to have campaign managers in every class, every faculty, so that every student in the university will be canvassed.

Results of the faculty campaign which closed yesterday, are very encouraging. But more money is needed if the S. C. A. is to carry on its work next year. According to the budget published in yesterday's "Daily," approximately \$5000 is needed. Of this at least \$1500 must be obtained from the students.

Apart from its connection with the Student Christian Movement of Canada and the World Student Christian Federation the S. C. A. plays a very important part in the student life of the university. Strathcona Hall, the home of the Association, is always at the service of the students. The rooms on the first two floors are thrown open free of charge to the many clubs and societies that would otherwise have no meeting place. The fact that last year 15 such organizations made use of their vouchers for their popularity.

Each full, students new to the university find their rooming house worries solved for them by a ready prepared list at the Hall, which they may consult. Each year about 1400 beds are inspected personally, graded, and listed for the use of the student body.

The Universal, one of the most popular social functions of the year, is organized at the expense of the S. C. A. A Freshman Reception each year serves to introduce new students to college life. On Thanksgiving Day a free turkey dinner is always served to about two hundred out of town students.

Besides catering to the material wants of the student body the S. C. A. has been instrumental in bringing some of the most prominent speakers of the year to address the undergraduates. Dr. Sherwood Eddy, Sir R. Borden, Dr. Paul Harrison are only a few of those who have been procured. Each year two or three University services are held, the first of which took place a few weeks ago.

Although the above activities form an important part of the S. C. A. program, they are but secondary compared with the real purpose of the Student Christian Movement which is to unite in fellowship students who share a common conviction about life and are willing to search for the highest and best ideals.

## FIRST LECTURE OF RADIO ASSOCIATION

Document Approved at Meeting Of Undergraduate Society

Mr. W. B. Cartmel of the Northern Electric Co. will speak to-day December 5th to a joint meeting of the Physical Society and Radio Association on the subject of "Radio Receiving Sets." The lecture will commence at 8 p.m. in the main lecture theatre of the MacDonald Physics Building.

This is the first of a series of interesting lectures to be given by the Radio Association. They will be found valuable to beginners and advanced amateurs alike.

Any McGill student may become a member of the Radio Club and enjoy its many activities on the payment of the nominal sum of \$1.00. The Association has a receiving set and apparatus of its own for the members use. Musical programmes will be broadcasted by the club from time to time.

We should like very much to have heard Nero playing "Red Hot Mama" while Rome burned.

Sullivan, Dr. Tees, and Reg. Henry, were also present. Glenn Adney and Jimmy Rice entertained during the evening.

The catering of the Union Cafeteria was of its usual high quality and Mr. Honneger is to be congratulated on the success of his work.

## THEATRE NIGHT PLANS PROGRESS

Much Material Coming In From All Faculties

Plans are well under way for this year's Theatre Night, and, from the present indications, the performance next spring will surpass all former attempts.

It is too early to forecast anything definite on the nature of the performance, but it is assured that there will be some surprises.

Material has been flowing in from all faculties since it was first announced that two \$25 prizes would be given for the best musical hit and the best attempt at a skit or scenario. All material must be in by December 20th, and those interested would do well to bear this in mind. In all probability the St. Denis theatre will be used again this year. The Theatre Night executive will meet to-day at five o'clock in the Music Room of the Union.

The following are asked to be present: B. C. MacLean, S. D. Pierce, Willard Crocker, Grant Glasgow, Evan Gill (Sci.) Reid (Arts), Brock Jamieson (Comm.), Carney (Dents.), Burn (Med.), Miss Eileen Green (R.V.C.), Miss Tatlow (M.S.P.E.), P. M. Gross, H. D. Robertson, Wallace.

## DENTAL DANCERS STEP OUT TONIGHT

Informal Thrift Dance in Med. Assembly Hall

To-night at eight-thirty p.m. the budding Dentists will be at home to the Faculty and Undergraduates, in the New Medical Building Assembly Hall. Dancing will be in order, to the strains of the well known Bluebird Orchestra.

Cic. Jokiv, who is the convener of the party, offers a new type of dance for approval. The dance is a Thrift Dance. The price of admission is one dollar a couple. The students are providing the refreshments, a student waiter service has been organized.

The Dean and all members of the Faculty have been invited, and many already signified their intention of being present.

There will be novelty dances, solo dances, and songs to fill in the intervals. On account of the limited space only two hundred tickets have been issued, practically all of which have been sold.

The dance is to be strictly informal. Neither ladies nor gentlemen in evening dress will be admitted.

## MEDICOS TO HEAR NOTED UROLOGIST

Medical Undergraduate Society to Meet Next Monday

Dr. D. W. MacKenzie, urologist of the Royal Victoria Hospital, will address the Medical Undergraduate Society on "Shadows and Sunshine" on Monday evening at 8 o'clock.

It is the aim of the Society to have addresses delivered of a non-technical nature so that even students of the lower years may appreciate them. "Shadows and Sunshine" is a subject of this kind and should prove of great interest to every medico. As this is the last meeting of the Society before Christmas, a large attendance is expected.

The bachelor had courted a certain lady for seventeen years, and, at last, proposed to her.

She accepted him. A kiss was exchanged. Then the bachelor sat in silence for a long time.

"Joe," said the lady, taking his hand, "have you nothing more to say to me, Joe?"

"Hello," said Joe, as he drew his hand away. "I'm afraid I've said too much already."—London Opinion.

"Your honour," said the prosecuting attorney, in an American court, "your bull-pup has gone and chewed up the court Bible."

"Well," grumbled his Honour, "make the witness kiss the pup; we can't adjourn court to get a new Bible."

## TOO MANY ENGINEERS IN CANADA

Science, However, Unsurpassed Training in Many Ways

ANNUAL REPORT

Unsatisfactory Conditions of Overcrowding in Redpath Library

"The opinion has been expressed in well-informed quarters that the number of young men being trained for the engineering profession throughout Canada is greater than can be satisfactorily absorbed under present conditions. On the other hand, an increasing proportion of our graduates entering on other than strictly engineering activities, and their experience seems to show that a sound engineering education, if not too narrowly technical, affords an unsurpassed training for the discharge of many of the most important duties relating to the conduct of affairs and to citizenship. Dealing with the activities of the Faculty of Applied Science, Dean H. M. MacKay included the above in his report which was incorporated in the annual report of the Governors, Principals and Fellows of McGill. It is the opinion of the Dean that engineering schools generally do not afford a student a sufficient cultural background, but that at the same time students in the Faculty cannot carry a heavier burden than is already being imposed upon them. The desirability of time for general reading and for reflection was stressed.

Dr. G. R. Lomer in his report called the attention of the present unsatisfactory conditions of overcrowding in the library. The suggestion was made as a partial relief that a special freshman reading room be provided when the Arts Building is remodelled.

The report draws attention to the fact that at present the total capacity of the reading room is 172 seats, whereas the students in attendance in Arts in 1923, including the Royal Victoria College, amounted to 337. The result of such conditions is congestion, even in the morning, a congestion which becomes more serious towards the end of the afternoon even though the Royal Victoria College freshmen are encouraged to use their own reading room. A special though inadequate room has been assigned to the graduate students, but it far from satisfactory.

The addition of new courses to the curriculum, the appointment of new professors, and the increased registration in the Faculty of Graduate Studies and Research are daily making demands upon the library for books, new and old, and for rare and expensive sets and periodicals, and Dr. Lomer points out that in spite of the rapid increase in the contents of the library, the funds for purchasing, cataloguing and housing these very necessary additions to the equipment of the university, are totally inadequate.

The report states that steadily progress has been made in all departments of the library, and a definite step forward has been made in improving the quality of certain branches of the work.

The report of the Faculty of Medicine, presented by Dr. C. F. Martin, dean of the Faculty, announces that it has been definitely decided that in addition to the many opportunities already offered to graduates, a special post-graduate instruction listing (for week's) shall be given during the month of April. While this course will be given on clinical subjects chiefly, it is intended that the teachers shall present the more scientific, modern aspects of their subjects to students in order that they may thus easily review the advances in medicine.

In the Department of Hygiene, Dr. Martin states that radical changes are necessary to bring this department up to an efficiency equivalent to that of most of the other departments in the Medical Faculty, while in the Department of Psychiatry, more opportunity is necessary both for clinical material for the students, and satisfactory teaching staff.

"Without psychiatric wards, attached to the general hospitals, it is impossible to do justice to this subject, and it is hoped that in the near future something may be done to relieve this unsatisfactory situation," the report concludes.

Successful years are reported in practically all faculties and departments of the university. The report from Macdonald college announces that the School for Teachers has this year had its largest entry since its existence. The large elementary class, coming in at the end of last January, taxed the residence accommodation, and in spite of crowding the college was unable to accommodate all who came in the college residence, and a number were obliged to find lodgings on the campus, or in the town of St. Anne.

## TYRO TEA IN UNION TO-DAY

Inexperienced Boxers Will Battle in Cafeteria

INNOVATION

Tea Drinkers Given Novel Amusement at 4 p.m.

This afternoon, the semi-final round of the Tyro Boxing Tournament is to take place in the Union Cafeteria, starting at 4 p.m. Ring side seats can be promised only to the early arrivals.

Pierre promises an abundance of delicious pastries, cakes and other dainties; the youthful Tyros promise some good scraps. Anyone who witnessed the bouts at Molson Hall yesterday will second this statement.

This afternoon's eliminations starting at 4 p.m. are as follows:—

115lb. H. Cohen vs. C. Talpis  
115lb. S. B. Cohen vs. F. Calder.  
125lb. M.A. Schwartz vs. McCormick  
125lb. J. Henry vs. C. S. Barker  
135lb. Brown vs. H.D. Robertson  
135lb. J.P. Diplock vs. F. Echlin  
135lb. D. Gray vs. Singer  
135lb. Muslemian vs. Schwartz  
145lb. Richards vs. M. Kannon  
145lb. B.W. Taylor vs. E.B. Bry.  
145lb. Evan Gill vs. D.G. McLaren  
145lb. E. Smith vs. J. A. Ross  
150lb. T. W. Kerr vs. L. N. Moore  
150lb. S. M. Kerr vs. W. S. Yule

The above men will weight in to-day at Molson Hall from 12-2.

2. Saturday at 4 p.m. in Molson Hall.

Wrestling Finals:

125lb. B.R. Cohen vs. M. McCormick  
135lb. L.S. Gullandell vs. A.E. Curtis  
145lb. A. Kirschberg vs. A. Chesley  
145lb. E.C. Toulou vs. E. Hamilton  
145lb. A. Zanitsky vs. . . . .  
150lb. W.E. Murchison vs. Silverstone  
Heavy M. Middleman vs. Martineau

Boxing Finals

As decided at Union Friday evening.

Saturday weighing in at ringside.

## PROF. SANDWELL LECTURED TO "LIT"

Expressed the Need of Second-rate Literature

"We are a different people and we must have a characteristic literature," said Prof. Sandwell of Queen's University and formerly of McGill, in a lecture to the Literary and Debating Society at Strathcona Hall, last night. "The second rate Canadian writers are necessary to lay a foundation for Canadian literature," he said during the course of his talk.

The keynote of Prof. Sandwell's lecture was that second rate writers were an absolute necessary stage in the production of good literature. Shakespeare owed a great deal to his second-rate predecessors, and he was the climax of all their toil. "No great English, French, Italian or German poet will tell us about Canada, no one except our own poets can instill in us a love for our soil," the professor pointed out. The lecture had a great effect on the rather small audience, as was seen from the prolonged applause.

After the talk, the audience indulged in general discussion, after which a vote of thanks was tendered to the speaker.

A widower was to be married for the third time, and his bride had herself been married once before.

The groom-elect wrote across the bottom of the wedding invitation sent to a particular friend:

"Be sure to come; this is no amateur performance."—Le Rire, Paris.

The self-made man stalked into the office of a great financier with whom he had an appointment.

"I don't suppose you remember me," he began, "but twenty years ago, when I was a poor messenger-boy, you gave me a message to carry."

"Yes, yes!" cried the financier, "where's the answer?"—Punch.

## DON'T GIVE UP THE SHIP.

It was on June 13th, 1813, that the words "Don't give up the ship" were added to the list of immortal sayings, and since then the world has been richer for the advice of a gallant officer and gentleman, who practised what he preached. The words, and few braver have come down to us, are attributed to Captain Lawrence, of the U.S. frigate Chesapeake, who, mortally wounded, with his ship in ruins and his men decimated by H.M.S. Shannon's fire, shouted as he left the deck, "Don't give up the ship; fight her till she sinks."

Fine words for any man to take as his motto. Every man has his own path to follow, and many and strange are the paths we humans find. But no man, whatever his occupation or position, who can look back on life and say "I always fought to the last and refused to surrender my ship" may be deemed a failure. And there are too many failures by far in the world. There is enough success to go round; but it must be sought, and this the vast majority of men refuse to recognize.

Men have left college before graduating, many because, no doubt, they lacked the ambition necessary to pursue their studies. These ex-students gave up the ship. They had not the will, or perhaps the desire, to finish what they started, and out into the world they drifted, hopeful of a fresh start. Perhaps they believe that they will refuse to give up their ships when the big test comes, but they ignore the fact that unless they school mind and body in little things, the everyday affairs that seem so trivial, they will not know how to fight, how to "force heart and nerve and sinew to serve your turn long after they are gone".

## WHY NOT HAVE A LORD RECTOR?

At a dinner in honour of the championship track team held last night, the question was propounded with the intention of promoting discussion—why should not the University have a Lord Rector?

McGill is of Scottish descent and has inherited and perpetuated many traditions that have found their source in the Land of the heather. One of the traditions which have held sway in Scottish universities for generations, that of Lord Rectorship, has not been perpetuated. But we must admit the duties in connection with such an office are of such minor importance that it cannot but be considered regrettable that the tradition has not been upheld.

In Scotland a Lord Rector is a prominent citizen, generally a politician of note, elected by certain of the Scottish universities to fill an office hallowed by tradition, full of honours and empty of duties. He is chosen by the undergraduates of the university, who fight campaigns in behalf of their candidates with great earnestness. The choice is generally made with a view to political beliefs, and, recently, the successful aspirants have naturally borne conservative colours. Once selected, the successful candidate holds office for three years, during which time he makes one speech, and one only. This is the whole extent of his duties. Outside the fact that he represents a deep-rooted tradition, the Lord Rector can give but insignificant reason for his existence as a Lord Rector.

## CONDENSED COMMENT

On behalf of the students of McGill, the "Daily" extends congratulations to Principal Sir Arthur Currie on this his forty-ninth birthday.

## QUEENS FIRST IN D.S.R.A. SHOOT

Results Received From Five Canadian Universities

Word has just been received from the Dominion of Canada Rifle Association that Queen's University has been successful in winning the handsome D. S. R. A. Intercollegiate Trophy with the splendid score of 734 points, on a possible 840. McGill's team stand second with 718 points, being only 18 points behind the leaders.

Interest here has been particularly keen this fall and the weekly shoots at Point-aux-Trembles were well attended all season. Every Sunday the increased number of the faithful journeyed to the range and worked systematically from 200 to 6000 yards and vice versa. The mark made by the University team, overcoming the

handicap made by the graduation of many of last year's championship team, was excellent.

The scores of the several Universities taking part, follows—  
Queen's University..... 734  
University of McGill..... 718  
University of Toronto..... 716  
University of Manitoba..... 697  
University of Alberta..... 677  
Queen's is to be congratulated on the fine work which brought them the victory as evidenced by the high total, they have some excellent shots and have numbered with them Burke of Ottawa who last summer won the King's Plate at Bisley in competition with the best of the world's marksmen.

In conjunction with the Intercollegiate shoot there was conducted here the Inter-class contest for the Gen. Birkett cup. The freshmen were successful in piling up the necessary lead to take possession of the trophy and the rebuffs which go to the credit of the University team, overcoming the

## NOTICES

### HOCKEY PRACTICES.

Friday 4-5 p.m. Squad A.

### ILLUSTRATED LECTURES AND EXPERIMENTAL DEMONSTRATIONS

For Boys And Girls.

1. "Musical Instruments, Old and New" by Prof. H. E. Reilly, Macdonald Physics Building, Friday, December 26th, at 7.45 p.m.  
2. "The Romance of Ships" by Mr. Leslie R. Thomson, M. E. I. C. Macdonald Physics Building, Monday, December 29th, at 7.45 p.m.  
3. "Ice and Icebergs" by Dr. H. T. Barnes, F.R.S. Macdonald Physics Building, Wednesday, December 31st, 7.45 p.m.  
4. "Lightning" by Dr. A. S. Eve, F.R.S. Macdonald Physics Building, Friday January 2nd, at 7.45 p.m.

The above lectures will be illustrated with suitable models, experiments, illustrations and lantern slides. These lectures are intended for children between the ages of 12 and 15 inclusive, but adults may come if they wish. The room will seat 200 only.

The price of the four tickets for all four lectures is \$1.00. Tickets for separate lectures will not be sold. The tickets are transferable provided the correct ticket is presented for the corresponding lecture. Payment must be made in advance.

Kindly enclose cheque with application. Apply in writing on or after December 1st to

### THE DIRECTOR.

Macdonald Physics Building,  
McGill University.

### CLASS GROUPS

A tentative schedule for the taking of class groups is printed below. Class presidents are requested to confirm the suggested hours by getting in touch either with the photographer or the Business Manager of the Annual AT ONCE at the Union.

A fee of seven dollars (\$7.00) will be collected at the time that the group is taken. This covers both the cost of the negative and insertion in the annual (full page). Proofs will be on view at the Annual Board room. Through a special arrangement groups pictures, when ordered through the Annual Board, will be obtainable at the reduced rate of ONE DOLLAR. This is a saving of twenty-five cents per copy, over last year. It will be necessary for the class president to remit in advance for the pictures desired, in order that this substantial saving may be effected. The pictures will be taken in front of the respective buildings.

### SCHEDULE

There will be the general swimming on Thursday from 5—8 and Saturday from 2—5, but there will be no attendance given on these days.

### SATURDAY AFTERNOONS

Mr. Molmans, Honorary Coach of the Rowing Club, announces that further practice will be held on Saturday afternoon from 3-6 p.m.—a more convenient hour will be decided upon. This is for the benefit of those desirous of more coaching but any student interested in rowing is welcome.

### MACCABEAN CIRCLE

The next meeting of the Circle will take the form of a symposium. The participants will be Jack Spector, B.A. N. Relch, Arts '25, and H. Freeman, B.A. The subject for discussion will be "The Chosen People." The musical programme will be provided by W. Katz assisted by Miss Anne Kramer. The meeting will be held at the McGill Union on Sunday afternoon, December 7, at 3 p.m. All students are cordially invited.

### PHYSICAL SOCIETY

The Physical Society will hold its regular meeting on Friday Dec. 5th at 5 p.m. in the Macdonald Physics Bldg. Mr. W. B. Cartmel of the Northern Electric Company will speak on "Radio Receiving Sets." All interested are invited to be present.

### COMMERCE '23

Will the people interested in the following sports please see their managers as soon as possible and give in their names.

### Hockey—T. T. Arnold.

### Basketball—Morol.

### Indoor Baseball—W. Power.

### B. W. and P.—Petch.

### BOXING PRACTICE.

There will be boxing practices in Molsons Hall at 6 o'clock on Tuesdays, Thursdays and Saturdays. Owing to the coming meet it is imperative to have a full attendance.

### NO PULL, EITHER

A wealthy motorist, while touring through Georgia, drove up to a gasoline station and found the tender a lazy country boy.  
"Hey, boy," said the motorist, "I want some gasoline. Got a move on you. You'll never get anywhere in this world unless you push. Push is essential. When I was young, I pushed and that got me where I am."  
"Well, boss," said the boy, "I reckon as how you'll have to push again, cause we ain't got a drop of gas in the place."—Columbus.

## MARITIME WESTERN CLUB ANNUAL DANCE

At a meeting of the Maritime and Western Club held last night in Strathcona Hall, the final. The dance will be held on Dec. 16th, at the Venetian Gardens, which will be almost entirely reserved for the Club. The tickets are selling at the very reasonable figure of three dollars and a half per couple. The Maritime-Western Dance of last year, was also held at the Venetian Gardens, and proved to be one of most enjoyable and successful dances held during the season. This year's dance gives every promise of being even better than that of last year, and as the tickets are being sold rapidly spoken for already, it will be necessary for those desiring tickets to procure them at once. These can now be obtained from any of the following:—  
D. R. Patton Com. '27  
H. F. Mosley Arts '27  
R. T. Hayce Med. '27  
M. Angovine Med. '29  
F. J. Dineen Med. '26.

## YESTERDAY'S JAZZ TEA SUCCESSFUL

It is safe to say that yesterday's jazz tea was one of the most successful ever held in the Union Cafeteria. For the hour or more that the Phi Delta Theta fraternity orchestra was playing, the cafeteria was filled to the overflowing, besides a great crowd of students who staged a stampede for chairs, and sat in the hall to listen to the music. The programme is as follows:—  
1. June night, Feist; 2. Limehouse Blues; 3. Adoring You, Feist; 4. All Alone, Irving Berlin; 5. Charley My Boy, Irving Berlin; 6. Doodle Doo Doo, Feist; 7. Lazy, Irving Berlin; 8. Ella, Feist; 9. Follow The Swallow, Remick; 10. Oh Peter, Jack Mills; 11. Mandalay, Remick; 12. Phi Delta Theta Waltz, Arranged.

Co-ed (laughing from ear, powdering nose and making other adjustments): "Well, I certainly enjoyed the ride."  
Ed (politely): "Oh the pleasure was all mine."  
Co-ed: "Don't kid yourself! I'm not all that accommodating."—Ex

## AN INEXPENSIVE HOLIDAY IN EUROPE

How often have you longed to see for yourself the beauty spots of the Old World—the scene of events which have been turning points of history—the wonderful old ruins, the art galleries, museums, universities and schools? These tours are placing a holiday in Europe within the reach of all. Everything has been arranged with a view to enabling students, teachers and friends to visit the points of interest under the direction of experienced conductors. On the ships chosen, the third cabin sections provide a degree of ease and comfort which appeals to people of culture and refinement. The very nature of the tour ensures you congenial fellow-travellers. All third cabin accommodation on these tours is reserved exclusively for members of the touring party.

### Three Educational Tours to BRITAIN-HOLLAND-BELGIUM-FRANCE

The first party leaves Montreal June 19 on the Anchor-Donaldson liner "Athenia" for Glasgow, under the direction of Guy Tombs Ltd., returning to Montreal on the Cunarder "Aurania" from Liverpool, July 24.

The second party, under the auspices of W. H. Henry Ltd., leaves Montreal June 27 on the "Aurania" for Cherbourg, returning to Montreal on the Cunarder "Aurania" from Liverpool, July 24.

The third party leaves Montreal July 3, under the management of Guy Tombs Ltd., on the Anchor-Donaldson liner "Athenia" for Scotland, returning to Montreal on the Cunarder "Aurania" from Southampton, July 21, to Montreal.

The two days sail to the sea, on the calm and wonderfully picturesque St. Lawrence, adds enjoyment to the trip.

**Inclusive cost of tour — \$330.00**

For full particulars of itinerary apply:—  
Guy Tombs Ltd., 285 Beaver Hall Hill, Montreal.  
W. H. Henry Ltd., 256 St. James Street, Montreal.  
The Robert Reford Co. Ltd., 20 Hospital Street, Montreal.

**CUNARD — ANCHOR — DONALDSON**

The first alteration was in the clause concerning the President of the society, who was to be "a student of at least three years' standing." This was made to read "an undergraduate of at least three years' standing," as it was not thought advisable to have this office open to graduates.

It was decided to have two representatives instead of one from all extra R.V.C. students, that is, students not in the faculty of Arts. Any member of at least three years' standing in any faculty is to be eligible for the position of poster manager, instead of only those entering the fourth year in Arts.

Minor changes were made in the wording of the clause regarding impromptu speaking contests, and in the clause dealing with elections. It was decided to elect the first year representative at a class meeting and not at the first meeting of the Society.

Miss Jean Gurd, president of the R.V.C. Undergraduate Society, then took the chair, and in a short meeting of that body, the Constitution of the Delta Sigma Society was approved.

## C.O.T.C. ORDERS

MCGILL CONTINGENT C.O.T.C.

BATTALION ORDERS BY LIEUT. COL. R.R. THOMPSON, M.C., O.C.

Week ending December 13th., 1924.

### ORDERLY OFFICERS.

Orderly officer, Lieut. G.L. Ramsom.

Next for duty, Lieut. W.H. Boyd.

### ORDERLY SERGEANTS.

Orderly, sergeant, Cpl. T.W. Kerr.

Next for duty, Cpl. W.H. Moore.

### PARADES.

The battalion will parade at the Craig St. Armoury every Thursday night from 8-10 p.m.

Artillery cadets will parade at Headquarters C.P.A. every Monday evening at 8.30 p.m.

### LECTURES.

Monday, December 8th., 1924.

Characteristics of Lewis Gun C.S. M.I.W.H. Clark

Tuesday, December 9th. Protection on the Move Col. Perry, D.S.O.

### PROMOTIONS.

To be C.Q.M.S.: B. Coy.—Cadet K.M. Pate.

### EXCURSION TO SHAWBRIDGE.

There will be a week-end excursion to Shawbridge on Saturday and Sunday, 13th and 14th December. The main body will leave early on Saturday morning, and will leave Shawbridge on Sunday night. Exact details will be announced later. All who wish to go should enter their names at the Orderly Room as soon as possible.

### CERTIFICATES "A" AND "B" EXAMINATIONS.

The written examinations are planned for March 10th and 11th, 1925, so that the practical will take place about a fortnight earlier. Coy. Commanders will let the Adjutant have a preliminary list of prospective candidates before the 19th. December.

### WEARING OF UNIFORM.

Uniform is only to be worn for parades, and for military functions where permission to wear uniform has been given. Uniform may only be worn at lectures and other times when it is essential for a cadet to do so in order that he may attend a parade in uniform.

### REGISTER OF ATTENDANCE.

This is open for inspection by all ranks at the Orderly Room. Recruits must put in 40 parade-hours, and trained men 25.

### ORDERLY ROOM AND Q. M. STORES.

Orderly Room and Q. M. Stores will be open on Wednesday and Fridays from 5-6 p. m. until further orders.

## GIRL GUIDE WORK BEGUN AT MCGILL

Offices' Training Class Led By Miss Harvey

By the introduction of an Officer's Training Class of Girl Guides, one further interest has lately been added to the long list of activities which make their appeal to the women of McGill. That portion of the community which believes that the interests of the college girl are primarily selfish, would have been somewhat taken aback by the ready response to the suggestion that an organization of this sort should be formed at the College—an organization whose object is to help meet the increasing demand for guide captains and girl leaders in the city and elsewhere.

The company is under the leadership of Miss Ruth Harvey, the Captain of the Western Guide District of Montreal. It started nearly two months ago with a membership of thirty-two, which has been set as the maximum number permitted. Of these, six are from the R.V.C. three undergraduates, two graduates and one partial; fourteen are Physical Eds. of the First Year, ten of the Second and two are M.S.P.E. Alumnae. Three of the Physical Education students have done previous guide work.

Until Christmas the class is being run on the lines of an ordinary guide company, the prospective officers are required to pass the regular tenderfoot tests in order that they may understand the organization of a company from the ground up. This consists of a knowledge of the history of the guide movement, the guide laws and promises the composition of the flag elementary woodcraft, signalling and knot-tying, company drill, sing-songs and competitions in observance, initiative etc. Next Tuesday, the first eight or ten students who have passed the required tests will be enrolled as guides.

After the New Year, the Company will change its method of approach, and study the work from the point of view of an officer and organizer.

## MANY MEN TURN OUT FOR HOCKEY

First of Beaubien Cup Games On Dec. 15th

The hockey squad is away to a flying start this year, thanks to the artificial ice at the Forum. In other year our puckchasers were hampered in the matter of late ice and consequently the team only began playing their best hockey when the natural ice was too soft. Consequently Mr. Shaughnessy hopes for better results this season.

About one hundred and twenty men have turned out to try for positions for the three college teams. Last week after two practices the senior and intermediate squads were cut down and divided into Squads "A" and "B". To date the Juniors have only had one full practice and will have another before the list of candidates are picked. The final list of Squad C will be published some time next week.

It has been definitely learned that the senior college team will not be able to enter the proposed hockey league consisting of M.A.A.A. and Cornwall. University of Montreal found that it would be impossible to enter, so McGill could not include their Beaubien Cup games in the schedule proposed. Hence U. of M. and McGill will battle again this year under a separate schedule as was done last year. The first game will be played at Mount Royal Arena on Dec. 15th, so that students will be able to see their team in action before the Christmas vacation.

## VARIED PROGRAMME IN CONSERVATORIUM HALL

Many new members were added to the Music Undergraduate Society at the first meeting of the season, Wednesday in the McGill Conservatorium Hall.

An exceptionally enjoyable musical programme was rendered by the Misses K. Perin, M. McCreary and L. Percival, in violin, vocal and pianoforte compositions.

Miss B. Frey as accompanist proved very helpful and efficient, and deserves special mention.

Three charming recitations by Miss L. Higginson provided the traditional spice of variety.

Tea was served at the close of the meeting.

### RECRUITING.

No more recruits will be signed on for this unit during this session, excepting under special circumstances and on special application.

J. W. JEAKINS  
Major, Adjutant  
McGill C. O. T. C.

## THEOLOGS ARE IN FAVOR OF NEW STANDARD

Higher Entrance Requirement To Theology Recommended

AT S.C.A.

Dr. Smythe and Mr. Ariam Williams Gave Addresses

A large and enthusiastic group of Theological students from the four co-operation colleges gathered in the S. C. A. building last night for their regular monthly meeting. The President Mr. Dale Moore called for the reading of a group of suggestions, which were approved by the Society at its last meeting. These recommendations are to be presented to the Theological faculty in the near future, and embrace the following suggestions.

First, that the academic standards for entrance to the Theological faculty be raised and that as far as possible all students should be required to hold a university degree before entering the faculty of Theology; that the courses should as far as possible be standardized, inasmuch as many of the students of today look forward with no little degree of expectancy to the time when there will be a Faculty of Theology at McGill; that in the matter of supplying student mission fields, no student pastor should be placed in charge unless he has completed at least three years of Arts studies.

Some discussion followed as to the practicability of such a scheme. The general feeling of those present seemed to indicate that there was a real need for a higher standard of entrance requirements for students of Theology.

Reports were then given by the chairman of each of the committees. The Social committee reported that arrangements were being made for an old time party, which is to be held at the S. C. A. hall, in the near future. The Chairman of the Athletic committee reported that teams had been entered in the inter-faculty basketball and that in the indoor baseball series Theology is to be represented. Practice hours for hockey have been arranged for on Monday between 7 and 8 p.m. and Saturday between 2 and 3 p.m. The Chairman of the S. C. A. committee called attention to the campaign of the S. C. A., which has begun this week and expressed the hope that it would receive the whole-hearted support of the Theological Undergraduates.

At the close of the business meeting the two speakers of the evening, Dr. Smythe of the Wesleyan Theological College, and Mr. Ariam Williams of Ceylon, India, who for the past number of years has been connected with Student Movements, were introduced, and called upon to deliver addresses.

Dr. Smythe began by stating that he had been requested to speak upon the subject of "the relation of the Theological Undergraduate to the Student Christian Movement". He pointed out that his remarks must necessarily be confined to some limitations he had received from his recent and slight connection with the organization, especially from his visit to the Elgin House Conference in September, after which he said he might offer some suggestions.

"The purpose of the S. C. A. is to know Jesus, to ascertain his teachings and to follow him." Such a worthy principle cannot help but enlist the sympathy of any Theological student, who feels himself called to make known the way of life to the world.

The speaker's first impression was that the S. C. A. is a very significant movement, inasmuch as it is comprised of students from every faculty, even more so than from the faculty of Theology. For two weeks these students met not to play, but to study the life of Jesus and to follow it. His second impression was that there are tremendous possibilities for good in such an organization. "The students of today are to be the leaders of tomorrow" and if they are properly led in their search for truth much good will result. There are however equal possibilities for evil.

Dr. Smythe suggested that the Theological students of Montreal would derive much benefit from contact with such a group and expressed the hope that many would give the S. C. A. their support and that by so doing they would contribute much to the lives of other students and would enrich their own and that such contact would help them to be true prophets of God.

### SKATERS' ATTENTION

Will those interested in speed or figure skating, please hand their names in to Major Forbes' office, or to H. Elliot, Med. '29.

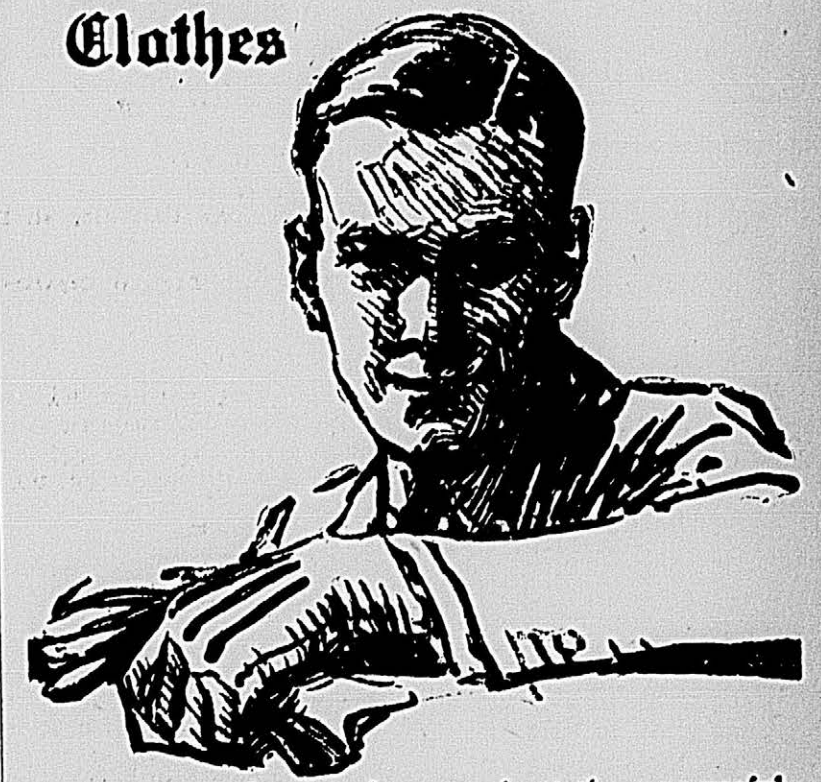

### ARTS '27

The following hours have been obtained for the class hockey practices:—Tuesday 2-3, and Thursday 11-12.

### ARTS '26

The tentative hours for class hockey practices are Wed 5-6 and Sat 10-11.

## Semi-ready Tailored Clothes

Let us say a few words more about the ever-useful Botany Serge in Navy Blue—a suit of which fabric should be in every man's wardrobe.

## "Botany Special"

\$35

A Suit of Serge

Here is a pure tone Navy Blue of imported Australian wool which we carry in the two favorite models for Business Men—"The Knight" and "The Arnold"—both double and single-breasted models and in all sizes to fit every proportion—

The Tall Man and the Short  
The Average Man and the Stout  
The Slender Man and the Average.

For those who prefer the "life" of grey and brown and fawn, in warm winter shades, we have values at \$35 and \$40 in weaves that are worthy. In particular we mention the fine twist woven Bannockburns, which answer the whole problem of Thrift as she is studied in dear old Edinburgh.

## MCGILL WON FROM Y.M.C.A. LAST NIGHT

Fast game Was Played in  
K. of C. Tank

9-0 SCORE

Swimmers Requested to be  
Out for Practice at 5:30 p.m.

The McGill water polo team emerged the winner from a scheduled game with Y. M. C. A. last night in the K. of C. natatorium. The final score was 9-0.

The play was close during the whole game, the "Y" boys working hard but with little success against the superior strength of the McGill mermen. Parsons, Adams and Vickerson closing the scoring.

O'Brien in the nets did good work stopping some close shots. If the team keep in this condition they have every chance of winning against C. P. R. in the near future.

Y. M. C. A. won the toss and chose the deep end. In the first few minutes of play Parsons scored on a pass from Moore. A few seconds later Adams scored again with a shot that left the "Y" goalie little chance to save. Y. M. C. A. started to force the pace and came close to scoring. Parsons scored again as the quarter closed. McGill 3, Y. M. C. A. 0.

In second quarter the game was well contested and the play wandered between the two goals. Parsons shot and although goal was not counted Adams got the ball and scored the point. The quarter finished with a 4-0 lead against Y. M. C. A.

Y. M. C. A. showed splendid combination in third quarter by McGill was going at full speed. Parsons scored on a pass from Adams. A little later Adams scored again and the third quarter closed with no further tallies. Score—McGill 7, Y. M. C. A. 0.

In the last quarter the good condition of the McGill men began to show. Parsons and Adams scored in quick succession and the play centred generally around the shallow end. Y. M. C. A. tried some good rushes but failed to score. The games ended with the score standing at 9-0 in favour of the Red and White.

The play was clean throughout, no penalties being handed out, and the "Y" team fought hard but the out-

## FRESH-SOPH LEAGUE REVISED SCHEDULE

Owing to the fact that second year Medicine has neither sent a representative to the meeting of the Fresh-Soph. League nor showed any interest in the schedule it has been automatically dropped. As a consequence it has been necessary to revise the schedule. Class managers are asked to notice the following:

Friday, Dec. 5.  
6:30 Comm. I vs. Sci. I.  
7:15 Comm. II vs. Sci. II.

Monday, Dec. 8.  
6:30 Arts II vs. Theo. II.  
7:15 Dent. I vs. Med. I.

Wednesday, Dec. 10.  
6:30 Arts I vs. Phar. I.  
7:15 No game.

Friday, Dec. 12.  
6:30 Dent. II vs. Theo. II.  
7:15 Sci. I vs. Med. I.

Monday, Dec. 15.  
6:30 Comm. I vs. Arts I.  
7:15 Comm. II vs. Arts II.

Wednesday, Dec. 17.  
6:30 Dent. II vs. Sci. II.  
7:15 Dent. I vs. Phar. I.

Wednesday, Jan. 7.  
6:30 Comm. I vs. Med. I.  
7:15 Comm. II vs. Theo. II.

Friday, Jan. 9.  
6:30 Dent. II vs. Arts II.  
7:15 Dent. I vs. Sci. I.

Monday, Jan. 19.  
6:30 Arts I vs. Med. I.  
7:15 Sci. II vs. Theo. II.

Wednesday, Jan. 21.  
6:30 Comm. I vs. Phar. I.  
7:15 Dent. I vs. Arts I.

Friday, Jan. 23.  
6:30 Sci. I vs. Phar. I.

## BASKETBALL SEASON OPENS ON SATURDAY

The McGill Senior Basketball team plays its opening fixture in the City Basketball League on Saturday night, at the Y. M. H. A. gymnasium on St. Urbain Street. The team, this year is much the same as last year, excepting for the loss of Mendonson who graduated and Bones Little who decided not to play this year, on account of his studies.

The Y. M. H. A. may be counted on to bring forward its usual strong aggregation, so the game ought to be exciting.

It is hoped that a good crowd of rooters will be present to cheer the old team on. A victory now will certainly mean a lot, as self-confidence is a necessary feature for a winning team.

Only after extreme pressure did the Famous Singer consent to hear and pass judgment upon the voice of Sadie, the profiteer's only daughter.

"Don't you think she ought to be sent to Milan?" asked the father, buoyantly, after Sadie's spirited rendering of "The Jewel Song."

The Famous Singer drew his hand wearily across his brow.

"Oh, further than that," he advised. —Tit-Bits.

"You say your wife has received an anonymous letter informing her of something you did before your marriage? Well, the best thing you can do is confess."

"I know, but she won't let me read the letter, and I don't know what to confess!"—London Opinion.

Joe: "Gosh, but I'm thirsty."  
Rat Guffin: "Just a minute, I'll get you some water."

Joe: "I said thirsty, not dirty."

come was certain due to the superior form of the college team.

The line up was as follows:—  
McGILL Y. M. C. A.

Goals ..... Molphoe  
Defense ..... McPherson  
McLaren ..... Urquhart  
Vickerson ..... Reekie  
Centre ..... Wells

Moore ..... Wells  
Forwards ..... Adams  
Parsons ..... Adams  
Adams ..... Bowden

Referee—Albert Farmer  
Judge of play—J. H. Pliske.

Mr. Vernet has asked that all swimmers and members of the water polo team to be out for practice tonight.

He wishes to keep the men in form for the game with C. P. R. the date of which has not yet been decided upon.

## RUGGER CLUB ELECTS EXECUTIVE FOR 1925

The English Rugby season at McGill of 1924 was formally declared closed at a meeting of the English Rugby Club held at the Union last night.

The first new business handled was the election of officers for the coming season. The results of the election were:—

President ..... P. J. Haro  
Vice-President ..... D. M. Angvine  
Secretary-Treasurer ..... G. Hart  
Manager ..... H. Campbell Brown  
Captain ..... F. C. E. (Teddy) Roome  
The McGill team lost the chance of retaining the MacTier Cup when it dropped a game to the Montreal Rugger team November the first.

It was one of the fastest and most exciting English Rugby games ever seen in Montreal and although McGill came out at the small end of a 6-10 score she put up as game a battle as anyone should want to see. No one dared to prophesy the outcome of the struggle even in the dying moments of the game.

## CERCLE FRANCAISE AT UNION MONDAY

Dr. Leacock Will Attend  
Debate and Discussion

A debate and open discussion will be the features of the regular meeting of the Cercle Francais next Monday evening at 8:15 o'clock in the Ball Room of the Union. Dr. Stephen Leacock has consented to be present at this meeting.

The Cercle Francais has had several successful meetings this season, and the new policy of meeting as often as once a week has been amply justified. There have been this year, more and better attended meetings than ever before. The meeting planned for Monday, December 8th, will doubtless be exceedingly well attended, for Dr. Leacock has promised to make this the occasion of his annual visit to the Cercle Francais. Without doubt he will take part, together with the members of the French Department, in the open discussion to follow the debate.

Cigarettes will be distributed.

## COMMERCE-SCIENCE BASKETBALL TO-NIGHT

The basketball would to-night see the conflict of business versus Science as exemplified by Commerce and Science freshmen and sophomores. Commerce I and Science I at 6:30; Commerce II and Science II at 7:15 p. m. Business, of course, if true to life, ought to win; but there is a dark rumour going the rounds that Science will apply some new principles, and put up a strong fight.

One dare prophecy nothing except that the games will be strongly contested. It will be remembered that last year's Science freshmen class won the inter class championship. This team plays as sophomores this year, and their calibre is known, while their freshmen brothers are dark horses.

He who speaks does not know and he who knows does not speak.—(Chinese Proverb.)

## "THE CHOSEN PEOPLE" AT MACCABAEANS

Discussion on Various As-  
pects of This Idea

## SYMPOSIUM

Jack Spector, Nathan Reich  
and Harold Freeman all  
To Speak

"Chosen People" will be the rather novel and interesting subject for discussion at the meeting of the Maccabean Circle which will be held in the ball-room of the Union on Sunday, December 7th.

The subject is to be considered from earliest times up to the present. There will be three speakers introducing the subject forming a kind of symposium. Jack Spector, who will be the just speaker, will discuss the idea of "Chosen Peoples", in and of itself, as applied to and taken by various nations since the dawn of civilization. He will refer to it from its broadest view point.

Nathan Reich, Arts '25, who will speak next, will show its influence on Jews and upon Jewish life. This idea which reached its zenith some centuries ago, and has lagged since, has been somewhat revived of late, since the acquisition of Palestine. He will attempt to demonstrate its enormous influence on Jewish thought and the like.

The next speaker Harold Freeman, will bring the modern application of this subject, its relation to nationalism, individual race superiority and so forth. At present, this theory has been extended in so many various directions so as to include many different varieties of it, and several applications.

The idea of a "Chosen People" has had a tremendous influence on the history of mankind. Down through the various civilization—Babylonian, Egyptian, Jewish, Greek, German and right up to the present—it is always cropping up. It has been evident in the recent war as taken by Germany, and even to-day its relation with "Americanism" "Nordic Supremacy" etc. is evident.

The usual interesting discussion will follow the meeting. It is expected, however, that many of the newer and younger members of the Circle will take advantage of this opportunity in giving vent to their own views. Many of the female members too, will be able to join in the discussion.

Willie Katz, accompanied by Miss Anne Kramer at the piano, will render some "cello" selections.

The meeting is scheduled to commence at three o'clock, and a cordial invitation is extended to all.

## JUNIOR SECRETARIES

Secretaries of the different junior classes are requested to hand in to the Annual Board, at the Union, without delay, a list of members of their classes together with the home addresses.
